DETAILED ACTION

1. Claims 45 to 57 are presented for examination.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 10-16-2006 has been entered.

Information Disclosure Statement

3. The references listed in the information disclosure statement submitted on 10-16-2006 have been considered by the examiner (see attached PTO-1449).

Allowable Subject Matter

4. Claims 45 to 57 are allowed.
5. The following is an examiner's statement of reasons for allowance: the primary reason for the allowance of the claims is the inclusion of the limitation of "allowing absence of acknowledgement (ACK) signals on an acknowledgement channel of a best

base station to indicate that quality of the received data frame is good;" this limitation is not taught in the prior art made of record. The prior art provided in the IDS filed 10-16-2006 teaches various methods and devices for transmitting and receiving ACK and NAK signals on a reverse link channel, Tiedemann, Jr. et al. (USP 7120134) one such example of the prior art teaches a reverse link architecture with ACK/ NAK signals. However, the prior art made of record, taken alone or in combination fails to teach or fairly suggest or render obvious the novel element as claimed in the instant invention of "allowing absence of acknowledgement (ACK) signals on an acknowledgement channel of a best base station to indicate that quality of the received data frame is good."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shelly A. Chase whose telephone number is 571-272-3816. The examiner can normally be reached on Mon-Fri from 8:00 am to 5:00 pm.
